Good News from Quaker Hill Farm

Dear Friend:—

Your seed dollar will buy more seed value at Quaker Hill Farm because we grow a large part of the seed we sell, avoiding middle man costs as much as possible, and we spend very little on agents or advertising. These savings are passed on to you in higher quality seeds or lower prices or both.

All of our grass, legume and other forage crop seeds are of top quality, of recommended strains, and from approved sources. Our hybrid corn varieties, according to Cornell tests over several years, are the equal of any and better than many, in both yields and standability. With them, you not only produce a high yield but it will be harvestable with the minimum of waste. We have certified seed of the best strains of spring grains for New York and not certified seed of the same grown from Registered or Certified seed. In seed potatoes we offer mostly Foundation stocks which experience has proved definitely produce better than certified and pay well for the extra price. For soil bank plantings we offer the recommended legume and grass seeds at prices that will save you money.

At present we can supply all items listed but as the end of the planting season approaches, supplies will run low and some items will be sold out. It would be well, therefore, to secure your requirements now. We will reserve seeds for you for later shipment or pick up here. Mail attached order form today indicating your wishes.

We are located 3 miles north of Honeoye Falls, 14 miles southeast of Rochester, half way between Rush and Mendon, at the intersection of routes 251 and 65. Sale hours are from 8 to 12 and 1 to 5, week days only.

Yours to help you save more and make more, K. C. LIVERMORE
